

M E M O R A N D U M

TO: Central Oahu Sustainable Communities Plan
Review Stakeholders

FROM: John Kirkpatrick

COMPANY: DATE:
6/2/2008

SUBJECT: Update

JOB NUMBER/REFERENCE NUMBER:
2007.71.0300

This is a brief update of work on the review of the Central Oahu SCP.

- The planning team has compiled comments from interviews and the October 2007 meeting with responses prepared for each comment or query. These can be found on the project website, www.beltcollins.com/centraloahu.
- We have been meeting with public agency representatives, to make sure we understand how the plan has helped other agencies work with DPP, and whether the plan provides the guidance agencies need for their work in Central Oahu
- Our next step is to get together with people, either in interviews or small group meetings, to discuss proposed changes in the plan or in implementation strategies. Topics for these discussions include:
 - Support for agriculture
 - Revitalization efforts in Wahiawa
 - Transportation planning (complementing the ongoing Transit Oriented Development effort in Waipahu)

Honolulu
Bangkok
Boulder
Guam
Hong Kong
Manila
Seattle
Shenzhen
Singapore

We hope to complete discussions on the major issues in the course of the summer, and to develop a Public Review draft of the CO SCP for you to review and comment on later in the year. We will have a public workshop on the Public Review draft to present the proposed revisions to the Plan and the findings of the Five Year Review.

Please e-mail or call me (jkirkpatrick@beltcollins.com) if you have questions or suggestions. Thanks!
